CHANGE. CARE  
MAKE NEW CHOICES. OF YOUR  
TAKE GUTSY CHANCES. BODY.  
*Move fearlessly forward.*  
DO WHAT MOVES YOU.  
TODAY IS A GIFT. RIP INTO IT.

## MOJOFEET ORTHOTICS ARE ENGINEERED TO HELP YOU MOVE

Our feet function to absorb impact when we walk, lessening the forces transferred to our knees, hips and spines. Imbalances in your feet can be felt all the way up your body into your neck and shoulders. **MOJOFEET orthotics** can help many cases of knee, hip and back pain resolve by balancing and supporting your foundation so you can MOVE ON to pain-free living. **MOJOFEET orthotics** can also help many cases of foot, ankle, knee and back pain resolve; giving you that 'jump start' to healthy feet for a life of happy travels.

## MOJOFEET CUSTOM ORTHOTIC DESIGN

Your custom-made orthotics are designed to help you 'get moving' more comfortably and more efficiently. They are engineered to support the impact you put through your feet each day. MojoFeet are engineered to flex while you walk, making long days living on man-made surfaces more comfortable all on the joints in your body.

Well-manufactured custom orthotics are perfectly imperfect, just like your feet. Every pair of MojoFeet custom orthotic is truly a 'one of a kind' creation for your feet. You will notice they fit your heel cup, the length of your arch and shape of your foot and they will have a 'bounce' to them when you put your body weight into them. Your feet are your foundation for a healthy, active life. Being on your feet should be easy. It's what you were made to do.
